

## ENVIRONMENTAL ASPECTS – IMPACTS ANALYSIS WORK TOOL

<a href="#">Link to Scoring Instructions</a> Aspect	Environmental Impact with Controls	Environmental Impact without Controls	Regulatory Risk (Business Impact)	Concern of Interested Parties (Business Impact)	Total Score
Sanitary waste					
Special waste					
Hazardous waste					
Rad waste					
PCB waste					
Mixed waste					
Medical waste					
Recyclables (paper, toner cartridges, cardboard)					
Recyclables (used oil, scrap metal, photo waste)					
Air emissions (not in Title V permit apply or not requiring rad NESHAPs reporting)					
Air emissions (included in Title V apply or requiring rad NESHAPs reporting)					
Liquid discharges (radionuclides, toxic or hazardous pollutant per 40 CFR 116-149), UIC					
Other liquid discharges					
Storage of chemicals or rad					
Use/storage of PCB equipment					
Environmental noise					
TRU waste					
Historical/Cultural Resources					
Sens/endangered species					
Quarantined soils					
Hold for decay waste					
Universal waste					
Treatability Studies					
Excavated soils					
Aquatic environs disturbance					
Energy use					
Vehicle Emissions					
Legacy contamination
