

**OAK RIDGE NATIONAL LABORATORY  
WASTE CERTIFICATION PROGRAM  
WASTE SERVICES REPRESENTATIVE (WSR) TRAINING MATRIX**

Rev.0, March 23, 2004

Page 1 of 4

This training matrix applies to all staff functioning as matrixed Waste Services Representatives (WSRs). As required by the "[Waste Certification Training Program Administration](#)", EPWSD-LWS-AP-500, Rev. 0, March 12, 2004, matrixed WSR personnel must complete this training matrix with their supervisor. When you have completed the matrix with your supervisor, please send the completed form via plant mail to David Drake, Building 3047, Room 323, MS 6023. The completed matrix will be submitted to the ORNL Waste Certification Official for approval. Once approved, the WSR and their Division Training Officer will be notified to include these training requirements in the WSR's baseline training requirements.

To use the matrix, answer the question in the Task column yes or no in the response column. If the answer is **no** for that task, you are not required to complete the training listed in the Training Module column. Move on to the next question. If the answer is **yes** for that task, you should complete the training listed in the Training Module column. Move on to the next question.

Note: Health and Safety training have been removed from Waste Certification Program Training. The individuals assigned Division is responsible for establishing health and safety required training.

Task	Response (Yes/No)	Qualification Number/Training Module Number and Description	Source Document	Certification (Yes/No)
Are you a WSR?		50022825/018614 - WCP General Awareness Training 50022810/017899 - RCRA Hazardous Characterization at ORNL 50022817/018176 - RCRA LDR for Generators at ORNL 50022861/090080 - Generator Entry System 50163308/021658 - BJC ORR Waste Certification Awareness Program 50164525/091214 - WSR Waste Certification Initial 50164523/091213 - WSR Waste Certification Requalification. 50100788/090454 - QA Fundamentals 50022908/090163 - Basic Environmental Law 50145466/090954 - Disposal of Asbestos Waste 50091355/090175 - Managing PCBs at ORNL 50152354/091080 - RCRA Annual Refresher 50099265/ - Advanced DOT Training	Hazardous and Mixed Waste Management Subject Area  Radioactive Waste Subject Area  Polychlorinated Biphenyl Subject Area  49 CFR 172 Subpart H	Yes
